Reporter Mackenzie Roe: “What is the most difficult thing to do?”

Mayor Mark McKee: “Sometimes you can’t do something and sometimes you have to say no.

There are reasons for it. It is difficult for me because I do not like saying no, I like to figure out how to say yes, but every now and then, there are things we can’t do, and that is probably the most difficult part.”

Reporter Mackenzie Roe: “What is the most important decision you have made as mayor so far this year?”

I would like to thank Mayor Mark McKee for his help and time.

Mark McKee is a very busy man but he took time to sit with me and tell me about his job. I enjoyed my time with him.

The simple joy of caring for guinea pigs

Guinea pigs are cute, but like all pets they need a lot of care. The class had its own 'cavy caretakers.'

By Ashton Wuhlar

Have you ever had a classroom pet? In grade 3/4 we have been looking after two guinea pigs in our class. Guinea pigs live for 5 to 6 years and they come in a wide range of colours, usually brown, white, black or dark red. Their hair can be long, short or curly. Did you know that the correct name for guinea pig is 'cavy'? We had cavy caretakers in our class to take care of our guinea pigs.

I spoke with Mrs. Thompson and asked her some questions about keeping guinea pigs.

Reporter Ashton Wuhlar: "What do they like to eat?"

Mrs. Thompson: "Lettuce, cilantro, and strawberries were their favorite foods."

Mrs. Thompson: "I got them a year and a half ago."

Reporter Ashton Wuhlar: "How old are the guinea pigs?"

Mrs. Thompson: "I don't know how old they are because I got them from an animal shelter. Mopsy must have been quite old because she just died."

Reporter Ashton Wuhlar: "When did you get them?"

Mrs. Thompson: "I got them a year and a half ago."

Reporter Ashton Wuhlar: "Why did you get them in the first place?"

Mrs. Thompson: "I got them for my class pet because I read that having a

class pet teaches kids to be responsible. They are friendly animals, and the class really enjoyed looking after them."

Reporter Ashton Wuhlar: "Are guinea pigs a lot of work to look after?"

Mrs. Thompson: "Yes, they are a lot of work because you have to clean up the poop and change their bedding regularly.

Looking after any animal is a big responsibility."

My teacher, Mrs. Thompson is very good at keeping guinea pigs safe. It is sad that Mopsy passed away. Mo is now living at BVE with another guinea pig (Autumn) and she is very happy there.
