WOULD HAVE PROVINCE CONTROL EDUCATION FULLY

Board of Trade Approves Resolution Urging Government To Bear Total Cost of Education

A lengthy discussion at the regular meeting of the Board of Trade last night on a resolution from the Associated Property Owners of Vancouver, urging the provincial government to assume all the costs of education, and to finance same through income tax, and the abolition of grants to municipalities, resulted in the Board passing a resolution similar in principle but slightly varied in detail.

The meeting was all for the burden of education, being removed from the property owners directly but decided to eliminate any suggestion as to how the government should finance the handling of education.

E. A. Boyle, member of the School Board was called on for a few remarks relative to school management, and consequently a large amount of information was given the meeting relative to school affairs.

The Vancouver resolution called that 25 per cent of the money collected by the levy on property in Vancouver went to defray the cost of education. The meeting found that Revelstoke's interest in the resolution was even greater than that of Vancouver, as 50 per cent of the local tax levy is earmarked for school purposes.

BAFFY TRIP

The meeting decided that it had been decided to postpone the proposed trip in Baffin until September because of the tax on the line of the Baffin Board of Trade members at the height of the tourist season.

It had been intended to take the trip the first of July or during the summer months in order to give local business men an opportunity to see "a tourist season in action," as President Allwood expressed it.

PAPER FISHING

Following the last meeting of the Board of Trade, a telegram was sent to Ottawa protesting against an order-in-council passed recently which provided for fishing licenses for visitors to the National Parks. It was pointed out that tourist literature already printed, featured the fact that no charge was levied for fishing in the parks.

The Board was recently informed that the objectionable order-in-council had been rescinded.

OVERHEAD CROSSING

The matter of the proposed overhead crossing from the Big Bend Highway to the city, was again up for discussion. The matter has been hanging fire for about two years.

With the Big Bend Highway nearing completion the meeting felt that some definite action in the matter was imperative. The present level crossing is (Continued on Page Six)

Dr. Digby Leigh In Hospital Post

(Montreal Star)

Dr. Digby Leigh has been appointed full time specialist-in-charge at the Children's Memorial Hospital, Montreal. Dr. Leigh is a graduate of medicine at McGill University, class of 1923, following which he interned at the Montreal General Hospital and at the Children's Memorial Hospital.

Dr. Leigh has just completed a three-year post-graduate course in the study of obstetrics at the University of Wisconsin.

The appointment of a graduate in medicine to the full time position of specialist-in-charge fills a long felt want on the part of the Children's Memorial Hospital.

Chamber of Commerce Meeting Tonight

A meeting of the proposed Winter Chamber of Commerce, which was to have been held in the City Hall Tuesday night, was postponed because the night coincided with the regular meeting of the City Council.

The meeting is being held in the city hall this evening.

Local Bowlers To Take Part in B. C. Tournament

Two clubs of Revelstoke lawn bowlers will participate during the next week in the B. C. lawn bowling tournament at Vancouver.

This week-end a rink composed of J. Deem, H. Watson, H. Watson and C. Whit, will enter the tournament while next week-end J. Donaldson, T. Halkam, D. Bell and A. Clark will take part in the great tournament.

MRS. H. GOODLAND ADDRESSES ROTARY

English Speaker Tells of Visit to Tercentenary Celebration at Taunton, Mass.

Bringing with her an atmosphere of "Old England," Mrs. Harold Goodland, wife of the mayor of Taunton, England, and a sister of Dr. A. L. Jones, of this city, was an interesting speaker at last Friday's Rotary Club luncheon meeting.

Mr. and Mrs. Goodland had been guests at the recent tercentenary celebration of the town of Taunton, Mass., U.S.A., a town so named by the original settlers who came from Taunton, England, three centuries ago.

Mrs. Goodland gave an outline of the celebrations held in the American town, and also passed among the Rotary Club members a large number of photos illustrative of the event.

The speaker gave a sketch of the history of both Tauntons, together with an intimate glimpse into the lives of some of the peoples of both towns three hundred years ago.

Elizabeth Pele, founder of the American town and a native of the English Taunton, was remembered in the occasion, and Mrs. Goodland, representing the Successor town, placed a wreath upon the grave of Elizabeth Pele and also planted an English oak—whilst she had brought with her (Continued on Page Three)

Car Arrivals by Auto Ferry Service

For the week ending last night, automobiles arriving and departing via C. P. R. auto ferry service, Revelstoke-Golden, were from the following Provinces and States:

Westbound—Alberta 3; B. C. 3; California 1; Illinois 2; Tennessee 2; Texas 2; Indiana, Michigan, Virginia, Louisiana, Massachusetts, New York, Pennsylvania, one each. Total 21.

Eastbound—Alberta 3; B. C. 7; California 2; Ohio 2; Washington 2; Illinois, New York, Ontario, Oregon, Scotland, one each. Total 22.

Grand totals for the week, west and east, 43.

Previously reported (east and west): 113. Total to date, east and west, 177.

RAILWAY MEN ENJOYED CALGARY VISIT LAST WEEK

L. S. of B. of L. F. and E. Hold Group Meeting at Calgary—Large Representation from Revelstoke Division

The sixth Western Canada Group meeting of the L. S. of B. of L. F. and E. was held in the Palliser Hotel, Calgary, on July 13th and 14th. A large number of members from Mount Revelstoke Lodge #27 attended, as well as members from Winnipeg, Brandon, Saskatchewan, Regina, Moose Jaw, Medicine Hat, Edmonton, Lethbridge, Cranbrook, Penticton, Vancouver, Montreal, Ottawa, Sutherland, Sask., Cleveland, Ohio, Tacoma, Washington and Oakland, California.

After a very interesting and successful meeting held on the 13th, the members of all lodges were guests of Sunny Alberta Lodge #28, at a banquet held in the ballroom of the Palliser Hotel at 7 o'clock the same evening. Over 300 partook of this sumptuous affair. Angus Henderson sang several solos in his usual jovial manner, accompanied by Sister Brennan. Mrs. Leona Ryan Patterson gave some very comical readings. Speeches from all the Grand Lodge officers, D. B. Robertson, International president; A. A. Phillips, general secretary and treasurer; E. H. Lynch, vice-president; J. I. Louden, general chairman, and Bro. Spooner, general chairman, G. M. R. were very much enjoyed, as well as a speech from Mr. McQuillan, superintendent of the Alberta Division. Later a dance was held in the ballroom until the early hours and this was much enjoyed by all present.

At the kind invitation of Mr. J. McElroy, works manager at Ogden shops, the visitors were shown all over that place of industrial machinery.

After lunch all the visitors left on a 45-mile drive to Turner Valley. This is a marvellous field and cannot be adequately described. One must see this place to understand the wealth that lies there. Returning from Turner Valley in the evening, all sat down to a hearty supper served in the Pavilion at Downs Park by the ladies of Sunny Alberta Lodge #28.

The ladies of Sunny Alberta Lodge deserve credit for the royal way in which they entertained the visitors. The Grand Instruction, Sister Edith Anderson, of Sunny Alberta Lodge #28, and Grand Trustee Sister Lillian Kemp, of Tacoma, Washington, worked together to make the meetings as successful and instructive as possible.

All look forward to the next Group meeting which will be held at Moose Jaw in the summer of 1940.

HON. H. H. STEVENS TORY CANDIDATE FOR THIS RIDING

Former Cabinet Minister is Unanimous Choice of Nominating Convention at Kamloops, Saturday

Hon. H. H. Stevens, former cabinet minister in the governments of Arthur Meighen and R. B. Bennett, was the unanimous choice of a Conservative nominating convention at Kamloops, Saturday afternoon.

There were seventy delegates in attendance as follows: Ashcroft 2; Kamloops 21; Merritt 5; Salmon Arm 25; and Revelstoke 16.

The convention was presided over by E. A. Boyle, of Revelstoke, vice-president of the Kamloops Federal Conservative Association, with G. W. Black, of Kamloops, secretary.

Resolutions of loyalty were passed to His Majesty the King and appreciation of the Royal Tour was expressed.

Unanimous confidence was voted in the leadership of Hon. R. J. Menzies, National Conservative leader. The convention also adopted the National and provincial platforms.

The name of Mr. Stevens was placed in nomination by R. W. Smith, M.L.A., Salmon Arm, who described the nominee's close associations with the Kamloops constituency.

Born in 1877, Mr. Stevens came west in 1894, his destination, Vernon. There he worked in a general store. Later he worked in mines, the C.P.R. shops at Kamloops, and was a C.P.R. shop and foreman at Steamboat in 1897.

Later he took part in the Winter Rebellion in China and the war in the Philippines.

Elected an alderman in Vancouver in 1910, his record of achievement paved the way for his election to the Dominion House in 1911.

Mr. Stevens referred to Mr. Stevens' report in 1921 to Conservative candidates from 1921 to 1925, and also touched on Mr. Stevens' break with the party at the last election. His difference had been with the leader of the party and not with the party itself. He had done what he had conscientiously considered the proper thing to do.

The speaker believed that more of the independence shown by Mr. Stevens and less of the rubber-stamp attitude common to politicians, would result in better government for the country.

Stevens to speak, the candidate was given a rousing ovation.

Mr. Stevens related many interesting incidents of the early days in the district. He had come to business during the high water of 1904 and there had been wireless transfers made between Calgary and Steamboat. The Okanagan branch line was under way and service suspended for five miles. During that interval he had been a resident of Steamboat, where he struck up a friendship with a C.P.R. operator named "Jimmy" Armstrong, now dead (Continued on Page Four)

New \$5 and \$10 Notes For the Imperial Bank

Two handsome new bank notes are now going into circulation for the first time, being put out by Imperial Bank of Canada. They are in the denominations of five and ten. The fives are blue in tone and the tens are green. Each note has the denomination figure engraved badly in the centre of the bill, which in size compares with the issues of the Bank of Canada.

These are the first notes the bank has introduced bearing the likeness of Mr. E. T. Jeffrey, the General Manager. And it is the first issue bearing the likeness of Mr. A. E. Phillips as president, former notes in which his portrait appeared, having been issued when Mr. Phillips was general manager. The present issue which is now appearing bears the date of January 1st, 1939. The engraving is sharp and clear in all details, being the work of the Canadian Bank Note Co., Ltd., Ottawa.

Mr. Phillips is well-known in Revelstoke, having been manager of the Revelstoke branch of the Imperial Bank for a few years before the Great War.

UNITED CHURCH PASTOR AND FAMILY GOING ON HOLIDAY

Rev. H. W. Hibbert and family are expected to leave for the coast on Tuesday next, to be absent about a month. While absent, Mr. Hibbert will preach at the combined Queen's Avenue United and Oliver Baptist services in New Westminster, for three Sundays.

During the absence of Mr. Hibbert, the local United Church pastor will be occupied for one Sunday, July 23rd, by Mr. Charles Blochmond, student missionary of the Malakwa-Armyhead field, and on the succeeding Sundays by Rev. Stanley Hunt, of Crossfield, Alberta.

BRIGHTER PROSPECTS, CAMBORNE

Banding and Development of Independence Group Promotes Activity in Old Mining Camp

New claims from Camborne that this well-known mining camp is likely to see some activity in the very near future. For the past few months there have been rumours that Vancouver capital has been considering one or more of the Camborne properties. Interest seemed to centre about the Independence group of claims, and now during the past week several intenders have been at work on them under the direction of Archie Oakley. Nothing definite can be learned as to the plans, except that the property is under option to W. L. Baker, of Trout Lake, and it is said that intenders intend to develop the mine, which was worked for over thirty years by an old timer known as "Shanty" Rowland. It was the very general belief that once Rowland had a particularly promising mine, and it is hoped that the results by the work being started will warrant further expansion and provide employment for the miners of the district.

SUMMER SCHOOL COURSES POPULAR

Another Branch of Activity Under The U. B. C. Extension Department Appreciated Here

The three-day Home Making Courses held this week in the Manual Training building were much appreciated by the many citizens who took advantage of the lectures given by competent instructors.

Close to thirty attended the classes held Monday afternoon, Tuesday morning, Tuesday afternoon Wednesday morning and afternoon.

The sessions were very informal. There was no registration and the lectures were given in an interesting manner free of pedantic embellishments.

The classes were in charge of Miss Jessie Stewart who has had unusual success with her work under the Youth Training Scheme, which operated here so successfully last fall. Miss Stewart, incidentally, is a niece of Jack Stewart, formerly of Revelstoke, now residing in Vancouver.

In addition to her supervising duties, Miss Stewart gave lectures on fine arts and handicrafts. Much valuable and interesting information was imparted to those who attended these classes.

Miss Strachan, who taught here last winter under the Youth Training Scheme, was expected to lecture in dietetics and had looked forward to meeting many friends made here at that time.

Unfortunately illness in her family, made it impossible for her to attend. Her place was taken by Miss Agnes Campbell, who proved herself a capable instructor.

These classes like those held under the Youth Training Program, were held under the Extension Department of the University of British Columbia, with Dr. Strum at the head. The provincial Department of Agriculture and Education have extended their fullest co-operation in bringing these courses to the smaller communities throughout the province.

The courses were sponsored locally by the Board of Trade and the Farmers Institute.

\$42 GOLD ORE WITHIN 5 MILES OF REVELSTOKE

Assay on Sample Runs Well Over One Ounce Per Ton

A surface sample of rock taken from the new mineral location about five miles west of town near the Camazzi farm, has, as assay revealed this week, shown a gold value of \$42.35 per ton, with 30 cents in silver.

This is the property recently staked by Andy McEwen, an old-time prospector and miner, and Fred Cantwell, and in which a number of other local residents are also interested.

According to the statement of return made by the assayer, "the sample assayed consisted largely of gold matter, chiefly telluride, or magnesian blende. The values in gold and silver are quite good."

The property covering the outcrop comprises two groups of eight claims each.

Exploratory work in the way of prospecting and drift is now being carried out by the locators, and as soon as the outcrop are exposed from wall to wall cross samples will be taken from the veins, and average assays obtained.

From indications so far ascertained, the holders believe they have the makings of a real gold mine, almost at the city limits, since the property straddles the Revelstoke-Armyhead road and extends almost to the summit of Mt. McEwen.

Gospel Services Held In Selkirk Hall

Four young men, comprising a gospel quartet, touring the province under the auspices of the B. O. Shanty-men's Christian Association, conducted gospel services in Selkirk Hall this week. The services concluded tonight.

There has been good attendance of the meetings, despite the heat. The local Baptist congregation has been sponsoring the services.

Mr. and Mrs. Albert Ernest have returned from a trip to Banff and other points east.

P. Smith, of the Brooder Timber Products, is in town on a business visit from Milwaukee, Wis.

Mr. and Mrs. L. E. Withrow and daughter, Dorothy, left at the westward for a vacation in Calgary.

WATER AND LIGHT ARREARS MUST BE BROUGHT TO DATE

City Council Finds Many Consumers Again Permitting Accounts to Become In Bad Shape

The city council in determining how to alter the light and water arrears owed by consumers to reach anything like the amount it reached two or three years ago, when the city fathers made a fairly successful effort to levy certain delinquent consumers reduce their liabilities to the city.

Since that "cleanup" campaign, however, many consumers have gradually permitted their accounts to again get into bad shape, and at Tuesday's council meeting it was decided to again take effective measures along this line.

It is quite possible, moreover, that even more firm and definite action may develop especially with respect to certain of those who a number of years ago showed reluctance or indifference in the matter.

At next meeting of the city council a complete list of all light and water consumers whose accounts are in arrears will be presented to the council and action to collect will probably be instituted.

TRADE LICENCE BY-LAW

The city clerk presented the draft of the amended Trade Licence By-law at the council meeting. The old by-law is so out-of-date that in many instances it is practically inapplicable, and the amended by-law—to all intents and purposes—is practically a new one.

It is very likely the amended regulation will provide for individual or separate licence fees for each particular line of goods or type of business carried on by a firm. To illustrate, separate fees will be payable in a store where groceries, hardware, electric goods, etc., are carried for sale. This method of licensing is being fairly generally adopted throughout the country, and, in fact, is now in effect in most of the towns in the Okanagan Valley and other parts of the province.

A clause in the by-law will also curb the door-to-door activities of peddlars, and may also prohibit such peddlars or salesmen from operating under the license of a local firm.

Shop or store regulations and hours of closing may also be embodied in the by-law.

The council felt, however, that no matter how much it may endeavor to do in the way of giving better protection and trading conditions to the business firms of the city, its legislation will come of it in so far as the business people themselves lend their fullest co-operation. With this in mind, it is probable that before the amendments to the by-law are passed upon by the council, the endorsement and co-operative assistance of the business firms will be invited. Without such co-operation, the council felt, any business effort so often complained of, cannot be eliminated.

ADDRESSOR NATIONS ESCARADO

A resolution forwarded by the council of Banff Municipality asking that the federal government pass legislation making effective embargo against "instructor" nations, was heartily endorsed by the Revelstoke city council.

Phyllis Renyard Passes Away

The community was shocked to learn Sunday of the sudden passing of Phyllis Amber Renyard, daughter of Mr. and Mrs. H. Renyard.

Born in Eastbourne, England, sixteen years ago next month, she had lived here with her parents since 1920.

An exceptionally bright girl, she was popular among fellow-students in the High School. She had many friends and acquaintances, all of whom held her in the highest esteem.

She had just completed her second year in high school.

Funeral services were held at St. Peter's Anglican Church, Wednesday afternoon, Rev. E. Pitt Griffiths officiating. A children's choir took part in the service, and pall-bearers were youthful members of the community. They were "Jack" Armstrong, "Bill" Durrand, "Bill" Mervyn and Noel Evans.

Year's Hottest Day Last Sunday

When the thermometer rose to 86 degrees last Sunday in the late afternoon, it recorded the highest temperature so far this year.

Despite the forecast, of calm and hot weather, it rained Monday and Tuesday, Wednesday the temperature reached a high of 83 degrees.

**SUMMER TIME-
TABLE, C.P.R.**

Summer Trains Scheduled To
Start June 26 and July 13.

Below is given the present line-up of Canadian Pacific Railway Train Canada passenger trains covering the summer months. It will be noted that the time schedule on trains Number 1, 2, 3 and 4 remain as at present.

Train No. 2 reaches Revelstoke from the west on June 26, with No. 7 west-bound on June 27. Trains 12 and 14 pass through Revelstoke on July 2nd on their summer schedule.

WEST BOUND

Train No.	Arrives	Leaves
No. 1	8:15 a.m.	8:30 a.m.
No. 2	8:05 p.m.	8:20 p.m.
No. 3	8:20 p.m.	8:35 p.m.
No. 4	7:10 p.m.	7:25 p.m.

EAST BOUND

Train No.	Arrives	Leaves
No. 2	12:30 a.m.	12:45 a.m.
No. 14	7:30 a.m.	7:45 a.m.
No. 4	8:35 a.m.	8:50 a.m.
No. 1	9:15 a.m.	9:30 a.m.

ARROW LAKE BUS-DIVISION

No. 103 leaves Revelstoke at 9:45 a.m., arrives Arrowhead (1 1/2 hrs.) on Wednesday and Saturday.

No. 101 leaves Arrowhead at 12:15 (noon), arrives Revelstoke at 2:15 p.m. Wednesday and Saturday.

**INTERIOR BASEBALL
LEAGUE SCHEDULE**

July 16—Salmon Arm at Vernon Kelowna at Revelstoke.
July 23—Kamloops at Kelowna; Vernon at Salmon Arm.

I am far from content with what the railways of Canada have done to meet their own opportunities and their own problems.—Sir Edward Beatty.

The Revelstoke Review
Published every Friday by The Revelstoke Review Publishing Co. Ltd.
J. N. Moran, Manager and Editor
FRIDAY, JULY 14th, 1939.
THE CYCLE MESSAGE

ONE of the greatest mistakes on the streets of Revelstoke and the highways of the adjoining district is the bicycle. And this is so simply because it is the easiest and smartest vehicle. It is the responsibility to see they are as safe as the conventional mode in Revelstoke traffic and along as possible in the possible busy cases.

Some of them would about the roads like drunken things, start across traffic lanes behind parked cars, ignore signals, cut across the road against traffic, in fact commit every offense possible, with variations, as part of a studied routine.

There is no need to go into the old argument of motorist versus cyclist. The bicycle has as much right to the public thoroughfare as the motor car, and the motor car has as much right to the road as the bicycle. It is a recognized fact of transportation and the roads have equal privileges with any one else on the road. But the operation of the motor vehicle, operation of a bicycle is a privilege and not a right. It carries equal responsibility. This is recognized in many cases where bicycle riders must have a license, but as yet Revelstoke has not adopted this aspect of controlling bicycle traffic.

Because bicycles do not figure more prominently in traffic jams than they do does not mean cyclists pay greater attention to their responsibilities as a motorist. More frequently than not it is slower than plus the vigilance of the motorist—often the pedestrian—which accounts for the preservation of their record. There is not a day of summer when that contribution does not set to save the life of limbs of a motorist anywhere in this district.

The bicycle is more easily manipulated than the motor car. However, the results often know just what they are doing and by constant practice lose sight of the risks they are taking. And too often in taking chances they involve him in an accident. Many a crashed motorist's costly skill, is directly traceable to the cyclist who encroached without warning.

There is no reason why he should go free to repeat his dangerous offense. If he is to continue using the roads he must be made conscious of the obligations which are his. It should not be too much to insist that he obey the fundamental rules which regulate all vehicular traffic. Infractions ought to bring him same penalties levied on the motorist. Surely young lives and the motorist's nerves are worth that much consideration. If individual common sense won't provide it, the law should.

YOU MUSTN'T PRINT THAT!

EVERY reporter knows of the sensation when a speaker at a public meeting has let his feelings get the better of his discretion. He has a good deal of satisfaction in expressing what he did but he did not mean it, to get into print.

The Kamloops Sentinel recently summarized the position of the newspaper in such a contingency that we can do no better than quote it in full. "Today's accident," says the Omineca Journal, "goes to the preceding chapter of a Canadian church conference."

"In an open session one of the volunteers, himself a minister, spoke quite sharply at another denomination. Immediately there were suggestions the reporters present should not mention the incident. Through the presiding clergyman upon words of wisdom. He said: "The only way to stop regrettable things going into the press is to stop saying them!"

"That notice says. Every reporter is painfully familiar with the sort of speaker who forgets discretion, realizes when he sits down that some of those fact words wouldn't look as well in print, appeals to the press to save him from the embarrassment he alone has brought upon himself. This is a good story, they say, before it becomes a newspaper story and editors, contrary to the sacred tradition are soft-headed fellows who dislike subjecting people to pain and annoyance."

ONLY 3 OUT OF 100 SEE THEMSELVES AS OTHERS DO.

ONLY three out of 100 persons see themselves as others see them in business. Thirty-two rate themselves higher than their friends rate them, 15 rate themselves lower. So says William Moulton Martin in the current Rotarian Magazine, reporting on a survey in which he asked more than 10,000 people to score themselves on qualities which persons are expected to possess in business.

"The tendency of the average person is, naturally, to think more highly of himself than anybody else does," the psychologist writes, "and, consequently, to follow his own dictates rather than those of his superior." "But," he adds, "until the ambitious worker learns to know or rather to estimate himself through the eyes of his chief, he is likely to be more rather than less of a liability to his employer."

"A successful business career," according to Martin, "falls down to him the person must master his own job thoroughly in such a way as to please his business superiors. He must compete aggressively and courageously with his rivals, but at the same time he must co-operate with them to turn out a maximum group product."

"To keep from landing in jail, or at least from being fired," he continues, "an ambitious worker must develop his social control traits before turning loose his self-seeking drive. Submission to superiors is and always will be the first business trait which every man must acquire. Submission by no means implies servility, a boot-licking attitude, or a 'Yes-man' technique, but it does mean the ability to understand the boss's point of view and the willingness to be governed by it."

The average person, he believes, is unable to understand other people's opinions of him because of a "desire for self-justification to assert personal power and never permit them to exert control over him. In short, there exists a widespread opinion that success is attained by leading others, never by following somebody else. The truth is quite otherwise. The world needs many more followers than leaders and, correspondingly, yields its rewards more readily to those who know how to take orders. Moreover, willingness and ability to follow are part of the best possible and most practical preparation for future leadership. . . . But the average individual, unfortunately, refuses to be led, and therefore never gets an opportunity to lead."

**THE OBSERVATION
PLATFORM**

PHYSICAL RECREATION

(From Daily News)

PHYSICAL education for adults, as well as for the younger members of the community, is now receiving attention in many quarters of the globe. Germany and Italy have severe training regulations, for all ages up to adulthood. The late inventor Czechoslovakia had a national policy of physical training.

In Britain, according to Guy E. Shandon, Canadian Press staff writer, this subject is being worked with to some effect. The national fitness council is facing an uphill struggle to obtain more and better facilities for physical recreation of persons between 18 and 25, due partly to slowness of local authorities in submitting schemes for their provision, he says.

The council estimates there are 4,225,000 men and women between the ages of 18 and 25 and 2,000,000 between the ages of 26 and 35, while the number attending physical training classes is only 400,000 and the number enrolled in the League of Health and Beauty 50,000.

To a report on its activities the

search and it was difficult to estimate the number of persons taking part in organized sports throughout the country but it issued a list of clubs showing 42,000 clubs affiliated with the Football Association, 1,000 clubs in the Rugby Union, 2000 field hockey clubs. In addition, it said, 1,000,000 persons were affiliated with swimming clubs, 300,000 with athletic clubs, 60,000 were walking and cycling members of the Youth Hostel Association; 100,000 were in cycling. Besides there were uncounted thousands in small cricket, tennis and other clubs.

The report continued: "It is clear, however, that though the number taking part in sports and games makes an imposing total, it falls far short of what it would be if full provisions were available in every area. To one country the provision for cricket in the boroughs and urban districts with populations of over 5000 varies from one pitch to every 5500 persons, down to one pitch for every 14,500 of the total population. Corresponding figures for football vary from one pitch for every 400 down to one to 4000."

The report found provisions for war-time sports generally less adequate than those for men, and that "in many cases shortage of suitable changing accommodation tends to prevent the full use of such grounds as are available."

"To encourage the playing of games becomes a large unless the number of grounds is largely increased and existing grounds are more effectively guarded," the report said.

The report also declared that although there are a great many grounds for swimming clubs in the country, there are 20 towns of more than 10,000 population each which have no swimming pools, and that they have no public swimming pools for building them.

"There are already nearly 300,000 members of clubs associated in the Amateur Athletic Association, but to find clubs open to a well-equipped athletic field is still the exception rather than the rule."

In the United States, many large cities have scores of municipal golf courses. There are also many municipal tennis courts.

Some of France's greatest tennis players have graduated from municipal courts.

The province has for some time been developing provincial recreation centres, and there have been provincial courts for athletes trained in these "Pro-Rec" centres. Many thousands of young people are enrolled in these Royal Canadian Mounted Police's successful centre is a hardy Kootenay example.

Yes, provincial taxes are being levied in aid of these physical recreation centres, which are under suitable supervision and instruction, and it is a matter of permanent provincial policy, without any question.

The community that is willing to put up its share, obtains permanent aid.

So far, Nelson's participation in this scheme has been contributing towards the taxes from which other physical recreational centres are in part supported.

GEMS FROM LIFE'S SCRAP BOOK

LIVING

Our aim in life is the only feeling worth the finding; and it is not to be found in foreign lands, but in the heart itself.—R. L. Stevenson

Faith in divine Love supplies the ever present help and now, and gives the power to act in the living present! —Mary Baker Eddy.

To give pleasure to a single hour, by a single kind act, is better than a thousand hand-kerchiefs in prayer.—Basil.

Change and brokenness, and simplicity, and kindness, and best of all, time remains, and these are the things to lay hold of and live with.—A. V. Bonson.

It's such a smooth, silky cigarette tobacco, this Ogden's Fine Cut. The kind that's cut to roll right and to smoke right. Wise roll-your-owners choose Ogden's and they pick the best papers, too—"Vogue" or "Chanticleer".

One of the most dangerous things you can do is to carelessly flip your cigarette butt out of the window of a travelling car. The swift passage of the car forms a strong air current that may whirl the lit butt yards away into tinder-dry grasses. . . . then another forest fire begins. Use the ash tray inside your car, or stop for a moment and put cigarette butts underfoot. The forest fire hazard during Summer months is so serious that observance of this simple precaution will be of tremendous help to those in charge of Forest Fire Prevention.

CONSTIPATION TEARS DOWN

Is your constipation becoming a burden, not only to you but to those around you? Is it wrecking your disposition as well as your health? Many suffer needlessly, for constipation is usually due to nothing more than a lack of "bulk" in the diet. Kellogg's ALL-BRAN is a ready-to-eat cereal which supplies the "bulk" necessary to regular bowel movements. Eat ALL-BRAN every morning with milk, cream or fruit, or in the form of delicious muffins. Drink plenty of water. Give regular habits a chance to rebuild health and happiness.

HON. H. H. STEVENS TORY CANDIDATE FOR THIS RIDING

(Continued from Page One)

Thought of the very last thought of the campaign was to support Mr. Stevens as Tory candidate for this riding.

My opinion was based on some of the highlights of his public career and especially some of his own opinions for the solution of national difficulties.

The real problem was created because of insufficient traffic and the solution of the railway problem was not in alienation of jurisdiction, but in alleviating the conditions which resulted in loss of traffic.

It was recognized that the necessary improvements in the country's economic structure could be obtained without changing the present system.

At the same time a few salient facts are worth a repetition of what this country has achieved under a Conservative system, with a leader, willing to try.

The prospects for the party were exceptionally bright in Ontario, where sixty Conservative seats were a slim margin.

At the conclusion of the convention the executive met to make a proposal the position being vacated by R. G. Mitchell of Kamloops was the unanimous choice.

Delegates from Revelstoke were Mr. A. J. Jones, Mrs. Jones, R. A. Doyle, Mrs. Doyle, Dr. G. T. Morris, James Bell, Fred Peggibam, W. A. Sturdy, Mike Calder and A. W. Landell.

A NEW MAGIC FOR GARDENERS

The stimulation of root-growth in plant cuttings has been accomplished by the use of a new synthetic substance called "Hortonsone A."

To getting these cuttings, either in the open or on a grill, better the outside of the brand.

Malakwa School Promotion List

Checked in above the list of pupils of Malakwa school who passed the recent summer examinations.

- Promoted to Grade 3: Patricia Cameron, Walter Chingquist, Robert Clarke, Alice MacIntyre. Promoted to Grade 2: Recommendation by—Lillian Scott. Promoted to Grade VIII—Prima Atkinson, Warren Busted, Annie Brownlie, Sara Morrison, Fern Burns for enrollment.

Promoted to Grade VII—Dorothy MacIntyre, Ann Westman, Pauline Youngman, Robert Ordman, Jane Scott, George Morrison, Everett Baynes, Bert MIBRO.

Promoted to Grade VI—Albert Gillies, Edith Kilburn, Edith Erickson, Corie Bala, George Phinlay.

Promoted to Grade V—Margaret Latta, Billy Shingquist, Gerald Thomson, Ernest Baynes.

Promoted to Grade IV—Norma Westman.

Promoted to Grade III—Estherne Johnson, Helen Humphrey, Edna Erickson, Eleanor Hodgkin.

Promoted to Grade II—Beth Baynes, Edna Pauline, Friends, Stella.

BEST HOPS IN WORLD ARE GROWN IN BRITISH COLUMBIA

To those people who talk of British Columbia as a garden, the fact that the best hops in the world are raised on the north American continent, of which British Columbia is a part, is a surprise to learn that the hop crop in this province is valued at over \$1,200,000.

The main climate and fertile soil of the Fraser Valley favour the weather-growing hop with "Hortonsone A" and the crop expanded rapidly. But even under such favorable conditions production of earlier crops did not reach more than 1000 tons in the year.

However, owing to improved commercial fertilizers and the power of the availability of industrial machinery in enabling the hop's latent capacity, production has risen to a maximum of eight tons to the acre.

In 1937, production attained the figure of 1,800,000 pounds, a solid illustration of the benefits of the progressively more efficient methods of modern husbandry.

HOW TO GATHER EGGS

Eggs should be gathered in a wire mesh basket, not in an old bucket or any old thing which seems handy when gathered they should be put in a cool place, in a cooler if possible, and not packed in crates until cool.

Cooling is particularly important, especially in helping to qualify the eggs for Grade A class. There is little or no circulation in an egg until, consequently eggs placed at once in crates do not cool and the longer the eggs stay warm in the crate the more likely they are to become a poor grade.

After a time the white in the uncooled egg tends to weaken, with the result that when the grater passes the egg in front of the light the yolk shows the egg is Grade B.

A boiled syrup can be kept from crystallizing if a pinch of soda is added to it while cooking.

SMITH-SIMPSON

On Saturday, July 20, at 4:30 p.m., the Revelstoke United Church was the scene of a pretty wedding of widespread interest, when Rev. H. W. Hibbert officiated in marriage Margaret Berg, only daughter of Mr. and Mrs. George Simpson, of Revelstoke, and Leslie Raymond Smith, only son of Mr. Harold Smith and the late Mrs. Smith of Summerland.

The bride was given in marriage by her father and was attended by Miss Joyce Webster and Miss Edna Cook. Mr. Frank Davis suggested the groom while Mr. Doug. Zimmerman acted as usher.

During the signing of the register, Mrs. P. O. Bess sang "Through the Years," accompanied by Mrs. H. W. Hibbert at the organ.

For her wedding the bride chose a gown of white Bengaline cut on simple lines. The full skirt formed a train and the long lightly-fitting sleeves were fastened at the wrist with tiny buttons. The square neck was outlined with pleated chiffon ruching. Her traveling veil of tulle was held in place by a cluster of orange blossoms worn by her mother on her wedding day, and she carried a bouquet of white roses and lily.

The two attendants were presented after the old but ever sparkling trifecta. Miss Webster wore purple and Miss Cook, pale yellow. They wore tiny hats of tulle and yellow gloves and of new-length white lace shoes. They carried bouquets of yellow chrysanthemum and orange gladioli.

Following the ceremony a reception was held at the home of the bride's parents. The guests were received by the bride's mother, wearing a gown of silk poplin in soft blue with white accessories and a corsage of red carnations. She was assisted in receiving by Mrs. Bessdale and Mrs. Thornthwaite, aunts of the groom.

The bride's table was centered with a three-tier wedding cake set in tall and rose buds. Pale pink and white flowers in silver holders completed the table decorations.

Rev. H. W. Hibbert proposed the toast to the bride, the toast being suitably responded to by the groom.

Presiding at the table were Mrs. J. H. Curtis and Mrs. D. Gray, while those who assisted in serving the guests were Mrs. C. James, Mrs. B. Rice, Miss Hyacinth Hanna, Miss Ruby Sharp, Miss Inez Sharp, Miss Mary McCallum, Miss Peggy Jones and Miss Dorothy McCallum.

Following the reception the bride and groom left on a short trip to Vancouver. For travelling the bride donned a tailored suit of dark green with which she wore white accessories and a corsage of white roses from her bouquet. On their return Mr. and Mrs. Smith will reside at 1411.

Out of town guests who attended the wedding were Mr. Harold Smith, Mr. and Mrs. Harry Thornthwaite and Mrs. Bessdale, all of Summerland; Miss Ruby Sharp of Kamloops, cousin of the groom; Mr. Harry MacNeil of Telfer, and Mr. Arnold Simpson of New Westminster, brother of the bride.

Prior to her marriage the bride was

The guest of honor at a large number of dinners at which she was the recipient of many lovely and useful gifts.

MARKSTROM-BEENEN

A quiet wedding was celebrated on Thursday evening, June 22nd, at 8:00 o'clock in Port Alberni, at the home of Mr. and Mrs. Thurston Budd, when Mary June Beenen, daughter of Mr. and Mrs. A. Beenen of Glen Valley, B. C., was united in marriage to John Robert Markstrom, son of Mr. and Mrs. A. Markstrom of Strathcona, B. C.

The wedding was performed by Rev. A. Maclean, under an archway of roses and ivy.

The bride wore a pale pink chiffon dress with a white, off-the-face, hat and matching accessories in white. Her corsage was of carnations and roses. Miss Helen Kenne, of Vancouver was bridesmaid, dressed in pale blue chiffon with accessories in white, and a corsage of carnations and roses. Mr. Roy Markstrom, brother of the groom, acted as best man, and Miss Beverly and Joyce Budd, as flower girls, were dressed in marine blue tulle-trimmed dresses and carried bouquets of roses.

The groom's gift to the bridesmaid was a cameo brooch, and to the best man, a Schaeffer fountain pen.

After a reception at the home of the groom's sister, Mr. and Mrs. Markstrom left for Vancouver and other points.

CONCERNING MOSQUITOES

Heretofore have the reputation of continuous application. To their poisonous profession; never instantly nighty action, wearing out your life's existence by their insidious persistence.

Would I had the power to reinstate of every mosquito; Then I'd pass a peaceful summer With no small personal barrier Pressing on my attention For his regular pestilence.

Oh! That pestilence mosquito! How a fellow you must see it; Which you can't do if you're sleeping.

But most ever more to sleeping, Quite innocuous on your features, But you'll notice hit the creature.

But the thing most aggravating Is the cool and exhilarating Way in which he causes his buzzing.

To the melody of sharp stings; These (you say) is enough you And successfully evade you.

When a mosquito enters through window He falls upon in his celling; Where he sits in deep reflection, How he preaches on your contemplation.

Pilled with solid satisfaction At results of his extraction, Would you know in this connection How you may secure protection For yourself and city cousin From those bites and from those muzzins? Show your sense by quickly getting For each window— Mosquito netting. E. OBYA.

DISINFECTANT DISINFECTANTS Dishes which have been used for either raw or cooked fish can be washed in disinfectant, to which has been added about two heaping tablespoons of baking soda. This will render the dishes, dishwasher and disinfected.

Many Revelstoke Railway Veterans in Vancouver Club

First organization of its kind on the Canadian Pacific Railway system, the Revelstoke Railway Veterans' Club has been formed in Vancouver with Harry Mills, former Captain Minister of Mines, Chief and President, as president.

The club aims to foster fellowship among the old army of former C. P. R. men resident in Vancouver and district, at the same time working closely with those in the company's native ranks to further the interests of their old men.

Among the executive committee pictured above are a number of former Revelstokers who since retirement have resided in Vancouver. Above are members of the executive committee at their first meeting. They are, left to right— from row (seated): J. H. Lyons, former chairman, Revelstoke; H. E. Robinson, secretary, former conductor, Moose Jaw; Harry Mills, president, former engineer, Winnipeg; Matt J. Scott, retired district

FIELD ANNUAL SCHOOL MEETING

Field, B. C., July 12.—The annual school meeting was held at the school house on Saturday last at 1.30 p.m., with George Hill as chairman of the meeting.

Dr. Cheeseman was re-elected Joe Harve years as school trustee, with W. Anderson for two years and A. Stevenson for one year. George Hill was re-elected as auditor.

The regular school appropriations were made and approved. The question of the high school was brought up. The meeting voted and passed that the trustees go ahead about a high school and have it ready for the fall term. The appropriations for this were also passed.

Mary A. Decoco has been recommended for the Y. M. C. A. medals for highest marks in Grade VIII school examinations.

On Thursday, June 30th, Dr. Cheeseman, chairman of the school board, presented the Honor Rolls for the final school examinations, those going to the following pupils:

Grade VIII, to Marion Palmer, with 75.5; Mary Decoco, 74.6; Dale D'Arcy 74.2; Annie Norman, 69.4.

Grade VIII, Subject Honor Rolls—Marion Palmer, spelling, composition, music and literature; Mary Decoco, spelling and grammar; Dale D'Arcy, arithmetic, health and science; Annie Norman, spelling and music.

Grade VII Honor Rolls—Colleen Pepper, general proficiency; Audrey Murdoch, spelling and composition; Douglas Burkitt and Eugene Harvie, arithmetic.

Grade VI Honor Rolls—James Taylor, general proficiency; Frances Watson, science and arithmetic.

Special Honor Rolls for Grade V—Madeline Rande, spelling, arithmetic, composition and literature; Eddie Hawkins, arithmetic, department and spelling; Bobby Thomas, spelling and department.

Dr. Cheeseman also presented the Junior First Aid Certificates to the following boys: "Sandy" Stevenson, Eugene Rande; "Bobby" Vinay, James Burns, Cecil Crowe and Edward Boulder.

The first Sunday mixed golf competition was held on Sunday afternoon with four foursomes taking part. The winners were Mrs. Holtrop and W. F. Thomas, with a score of 81 for 18 holes. Second was Mrs. W. F. Thomas and Mrs. Siver, with a score of 83 for 18 holes.

"Jack" Wilson received word last week of the death of his mother, who had been ill for some time at her home in Tacoma. He left on Friday by car to attend the funeral in Tacoma.

Miss Isabel Pettill, of Revelstoke, is visiting with Mr. and Mrs. B. Muttill for a few days.

Miss M. Christian left on Thursday for Vancouver to meet her sister who is motoring up from California and will spend a week in Vancouver.

Dr. and Mrs. Cheeseman and daughters motored to Calgary on Monday.

Miss M. Shaw, of Calgary, is spending her holidays with her sister, Mrs. D. Nelson.

Mrs. McBride and daughter, Marion, of Revelstoke, are visiting for several weeks with Mr. and Mrs. H. Reid.

Gordon Lampshire, of Ignace, Ont., is visiting with Mr. and Mrs. R. Stewart.

Mrs. A. Malilens of Winnipeg, is visiting for a few days with Mr. and Mrs. W. Murdoch.

MALAKWA NOTES

Malakwa B. C., July 12.—Mr. and Mrs. O. Johnson and Aus. Anderson motored to Revelstoke last Thursday.

Mrs. L. Bertholme and son, Carl were in Revelstoke on Saturday.

Mrs. E. Hedman and Laurence visited at Beavermouth last Saturday.

Mrs. Thomas Baynes was a visitor in Revelstoke on Saturday.

Alvin Peterson returned from Revelstoke on Saturday night.

Mr. and Mrs. Joe Timbeau, who have visited at Malakwa during the past week, returned to their home at Hoquiam, Wash., Saturday morning.

Mrs. Johnson and family, of Three Valley, spent Saturday evening at Malakwa, visiting with friends.

Jack Kreever was a Salmon Arm visitor in Malakwa on Sunday.

Barnd Swanson returned Sunday after a few weeks' visit at the coast.

George Morrison and James Wilcox were Big Bend visitors over the weekend.

Clifford Wheeler was in Revelstoke on business on Monday.

Mr. and Mrs. J. Ross, of Three Valley visited with old friends in Malakwa.

Craigellachie Cyclones Defeat Cambie Red Wings at Baseball

Craigellachie, B. C., July 12.—With the thermometer hovering around 80 all afternoon, the seventh game of the Eagle Valley Baseball League was played at the Cambie grounds on Sunday last. The Cambie Red Wings put up a hard fight but the Craigellachie Cyclones took the game 14 to 5. Mike and Willie Makarenko pitched very well for Craigellachie. A. Strivo, P. Rokosh and A. Yliso pitched for Cambie.

The next game will be played at the Craigellachie grounds between the Malakwa Hawks and the Cambie Cyclones on July 16th.

Table with 11 columns: Name, AB, R, H, PO, A, E. Lists players like M. Makarenko, M. Boyes, W. Makarenko, G. Gullis, etc.

* Replaced Fuller in the sixth.

** Replaced E. Boyes in seventh.

Table with 11 columns: Name, AB, R, H, PO, A, E. Lists players like Karl, P. Rokosh, A. Yliso, E. Yliso, Strivo, Johnson, J. Rokosh, Myllymaki, Niemi, E. Yliso, Telo.

* Replaced Johnson in the sixth.

** Replaced Myllymaki in the sixth.

Score by innings: Craigellachie 1 0 2 0 0 1 5 0—18; Cambie 0 1 0 3 1 0 0 0—3.

Summary—Two-base hits, W. Makarenko 3, M. Boyes, P. Rokosh, J. Rokosh; three-base hit, H. Makarenko.

A well-attended annual school meeting was held in the school house on Saturday last. W. T. Austin acted as chairman. The minutes of the last meeting and the financial statements were read by W. F. Boyes, secretary, and passed without comment.

E. C. Fuller was re-elected for another three-year term as trustee. Appropriations for the coming school term will remain as for the past year. Excellent reports on the qualifications of the teacher, Mrs. G. Webster, have been received and were read by the secretary at the meeting.

Jack Fisher of Revelstoke was the guest of Harry Makarenko at Craigellachie over the week-end.

Frank Milburn left for Revelstoke a few days ago, where he will be employed.

Harry Makarenko left on Sunday to attend the Calgary Stampede.

An interesting item of news to this community has been received during the week, in the following article from a Port Arthur, Ont., paper:

"The wedding was solemnized yesterday, June 29th, of John R. Pascoe, of Port Arthur, and Olive Ina Marceus, of Craigellachie, B. C., in the St. John's Church. Rev. Canon Hineta performed the ceremony.

"The bride wore a grey tailored suit and brown accessories, and her shoulder corsage was of pink carnations and white heather.

"Mr. and Mrs. Pascoe will reside at Cleveland Gardens, Oliver Road, Montyve, Ont."

Herman and Arthur Waltes and L. Toberger, of Wymdel, B. C., have been spending a few days here during the week.

Miss Carlson and Nick Makarenko were home from the Big Bend during the week-end.

W. T. Austin was in Revelstoke for the week-end.

Mrs. M. Curcio of Winnipeg, is spending a vacation with her mother, Mrs. P. Strava.

O. Strava spent the week-end in Revelstoke with his children, Mary and Anthony, who are attending the Roman Catholic summer school.

Other children of this district who are attending the school are Johnny and Sally Makarenko.

WHILE DARY IN TRYPTING If the baby's stomach refuses to hold milk while he is teething, use the little white of an egg until stiff, and a few drops of orange juice and a little sugar, and feed this to him with a spoon. It is palatable and will strengthen him.

PABRIC GLOVES After having washed the cotton or silk gloves, rinse them by holding them under the cold water faucet so that the fingers of the gloves become inflated with water. Then let them drip on the line and they will dry without twisted fingers.

Miss Ruth Swan returned Tuesday night after a couple of days' visit of Revelstoke, the guest of her sister, Miss Doris Swan.

To My Friends in Federal Riding of Kamloops. It was with unusual pleasure and satisfaction that I was tendered the nomination at the Conservative convention in Kamloops on Saturday last to be a candidate in the Conservative interests at the next Federal election. I esteem it a privilege to be invited to contest this riding. After all there is some sentiment attached to it as well for I was a workman in the railway shops of Kamloops and served in a junior position as far back as 1897, and my early association with the problems of the citizens of this district have been of great service to me in coping with the major national problems in Parliament during the past 28 years. I look forward, therefore, with pleasant anticipation to renewing many old friendships and making many new ones. H. H. STEVENS, M.P.

LIFE Life hasn't any laurels. For cowards in disguise. Life hasn't any plaudits. For sluggards in the race. Life hasn't any robes. For proud and selfish aims. But life has countless blessings for one who plays the game. Life may not be so cheery. For one who will retreat. Life may be disappointing. For one who cries defeat. But he who faces battle. Defending what is right. Will be at last the victor. Will win as last the fight. —M. E. Dettlerlin. Rev. B. W. Hilbert, M.A., B.D., Pastor
Sunday, 11 a.m.—"LIFE, LAW, LOGIC"
7:30 p.m.—"BALT"
Church School at 9:45 a.m.

John Ringer, a native son of Revelstoke, became the third flying student to complete the preliminary flying instructions at Kamloops last week when he made solo flights and landed his plane perfectly three times.

Gerald Dickey and Byron Morrison have been appointed as joint lifeguards at Williamson's Lake by the Rotary Club. Parents, as well as children, are asked to observe that the lake area to be serviced by these lifeguards is from shore to shore between the two wharves. Lifeguard hours are from 10 a.m. to 3 p.m. daily.

DO YOU KEEP A WATCHDOG?

THE BEST WATCHDOG IS RESIDENCE THEFT INSURANCE.

Such a policy doesn't bark; can't be made friends with; can't be poisoned; in fact can't be tampered with in any way, once it is in your possession.

You may sleep peacefully at night, knowing that your possessions are protected.

VACATION SCHOOL
CREATING INTEREST IN CIVIC AFFAIRS

The United Church Vacation School is to be commended by the citizens of Revelstoke because of the interest it is developing in the affairs of the city, among the boys and girls of the Junior Department of the school. One feature of each morning program is a talk or address by some qualified leader in civic affairs on an important subject.

Mayor Hardman outlined the functions of the city council. On another occasion he appeared in the role of post master, and described the way in which mail is handled.

Mr. W. Maxwell described the business as transacted by the court house, Mr. W. A. Gordon, city clerk, gave an outline of the business handled by the city hall. The work of the Forestry Department was presented by Mr. J. Boydell, and that of the fire department by Mr. J. Burton.

On one occasion the whole school were the guests of Mr. and Mrs. Warren Cooper for a half-hour's picture show.

Such worthwhile endeavor to assist young Canadians to know the life and institutions of their communities should have the hearty support of all good citizens.

The Vacation School will come to its conclusion this evening at 7 o'clock, when a demonstration of the program will be given. The early hour has been selected on account of the small children, who will have some part in the evening activities. The members of the kindergarten, primary and junior classes will participate and will demonstrate the purpose and program of Vacation Schools. The completed ha-

REVELSTOKE HARDWARE

CARD OF THANKS

Mr. and Mrs. B. Hayward and family wish to extend their heartfelt thanks to neighbors and kind friends whose sympathy and kindness and floral tributes helped them to bear the grief of their sad loss.

They are particularly grateful to Rev. B. W. Hilbert and Mrs. O'Griffin, Rev. B. W. Hilbert, Dr. Watson and the Hospital Staff, the members of the children's choir, Mrs. F. Halsey, Mrs. Norman McLeod, Mrs. W. McCallough and Mrs. C. E. Linnell.

The members of the school expect their parents and friends and others interested to attend. The school has been averaging an attendance of over one hundred daily.

BETTER MILK. BETTER PACKED

Imitation by Vitamin D and vacuum packed—that's where the better milk, better packed comes in. Vitamin D has a big place in the life of a child. Without it teeth and bones won't grow strong, and it's certainly no help to repair the damage when the child is grown. The better packing preserves the milk full strength.

PACIFIC MILK
IRRADIATED and VACUUM PACKED

Mrs. O. Morrison is visiting with relatives in Cranbrook, B. C.

Mrs. J. Boydell and two children left at the week-end for a holiday at Osoyoos, B. C.

Mr. and Mrs. Allan Webster returned Wednesday from a trip to the Southern States.

Dr. and Mrs. A. L. Jones, accompanied by the former's sister, Mrs. Harold O'Connell of Thurston, England, left Saturday on a motor trip to Vancouver and Victoria.

The Misses Margaret and Mary McKinnon, of Revelstoke, spent several days here last week, the guests of their aunt, Mrs. L. T. McEnturff—Kamloops Bantler.

Mr. and Mrs. L. B. Smith and daughter, late of Vancouver, arrived in town on Wednesday and will make their home here. Mr. Smith succeeded H. W. Luck as Canadian Pacific Railway conductor.

BOARD OF TRADE
(Continued from Page One)

considered highly dangerous, and the Board feels that the proposed bridge should be in place before the new highway is completed.

It was finally decided to write the Board of Transport, formerly known as the Board of Railway Commissioners, pointing out the desirability of having the work done at the earliest possible moment.

It was decided to send copies of the letter to T. J. O'Neil, M.P., the Department of Public Works at Victoria, and several local railway brotherhoods which recently endorsed the proposal for the overhead crossing.

TRANS-CANADA PRESIDENT
A letter was read from Dr. A. H. Baylis, of Kamloops, stating that he was leaving Kamloops for Vancouver, and that in consequence he was compelled to resign as president of the British Columbia Trans-Canada Highway Association.

Vice-President P. H. Allwood of Revelstoke is the acting president.

STRIP ON BRIDGE
The meeting approved a suggestion that the local provincial public works department be asked to paint a yellow line down the centre of the Columbia River traffic bridge. It was felt that visiting tourists, to say nothing of local drivers, would find such a line of distinct benefit in negotiating the bridge.

It was decided to bring the matter to the attention of J. H. Curtis, local road foreman.

ADVERTISING
Many suggestions destined to place Revelstoke favorably before the touring public were advanced, when the meeting heard of a suggestion to erect a large sign-board at Golden, pointing out Revelstoke's attractions and accommodations.

It was stated that tourists arriving by rail and auto ferry invariably leave Revelstoke as quickly as possible after the arrival of the train.

It was thought that as the season is now well advanced and the rail ferry service will end this year, any contemplated expenditure should be carefully considered.

It was also felt that tourists should be contacted before reaching Golden probably at the Leighton gateway or at Banff by means of illustrative sponsored jointly by the Board, local hotels and garages.

To go further into the matter, the president appointed the following committee to go into the question in detail: Gus McKelvin, chairman; George
